The *WMJ* continually seeks to expand our list of highly qualified reviewers. We are looking for reviewers who can be objective, insightful, and respond in a timely manner. Reviewers receive manuscripts electronically and are asked to review and return the manuscripts with comments within 4 weeks. All reviews can be completed online. Guidelines for reviewers are available at www.wmjonline.org.

Interested physicians and other health care professionals should e-mail wmj@wismed.org. Please include your name, preferred e-mail address, specialty, at least 3 areas of expertise or interest and current and previous practice location, along with how often you are willing to serve as a reviewer. If you have questions, contact Deana Hipke at 608.442.3752 or e-mail wmj@wismed.org.
